SUMMARY

Motivated and detail-oriented Computer Engineering graduate with a strong foundation in hardware and software systems, and programming languages such as HTML, Javascript, and Java. Adept at problem-solving, collaborating on technical projects, and applying engineering principles to real-world challenges. Eager to contribute to innovative projects, learn new technologies, and grow within a dynamic and forward-thinking organization.

EDUCATION

University of Bohol

Bachelor of Science in Computer Engineering

University of Bohol Senior High School

General Academics Strand – Design and Industrial Arts, With Honor

HONORS & AWARDS

- With Honor (SHS)
- Achievers List in College (2022)

INTERSHIPS

Marvin Russel Elaba | Tagbilaran City, Bohol

Frontend Developer and UI/UX Designer | January 13, 2025- March 8, 2025

- Contributed to the development of a web-based project by designing and implementing responsive user interfaces using HTML, CSS, and JavaScript, ensuring an intuitive and user-friendly experience.
- Collaborated in the UI/UX design process, creating wireframes and prototypes to improve user navigation and accessibility.
- Designed 3D models for a digital kiosk hardware project, supporting the integration of physical and digital components for real-world deployment.
- Worked closely with both software and hardware teams to ensure alignment between frontend features and hardware functionality.

SKILLS

Programming Language: HTML, Javascript, and Java

Language: Filipino, English, and Bisaya

Creativity: Frontend Developer and UI/UX Designer

Flexibility: Ability to learn and adjust quickly
